

# Landscaping for Healthy Lakes and Streams

By making small adjustments in our landscaping practices, each of us can make a big difference in the health of our creeks, lakes and rivers.

Join the Clinton River Watershed Council at this workshop & learn:

- \* how to protect water quality
- \* how native plant buffers can be both beautiful additions to your landscape and effective tools for reducing pollutants, soaking up excess rainwater, preventing erosion.
- \* practical tips for planning and designing around lakes and streams

**Free Resources Provided**

**Date: September 10, 2007**  
**Time: 7:00-8:30 pm**

**Location:**

**Orchard Lake City Hall**
