6. I don't have a hauler because I don't have any garbage, do I still have to participate?

Answer: Yes, participation is mandatory for all single-family homeowners. If you do not generate refuse, perhaps the items that you do discard can be recycled. While diverting recyclables from the landfill, and participating in the [Recycle Bank](#) program you can get rewards for recycling that can be used at businesses in the community.

7. Is there a way to opt out of the service?

Answer: No, it is required that all single-family homes participate.

8. What do I do about my current hauler?

Answer: You may continue with your current hauler, but it is important that you not pay for services past the March 30, 2009 start up date. Allied Waste has offered a transitional rate for the months leading up to the start date. Contact Allied Waste customer service at 800-858-0089 for more information.

9. If we recycle a lot, we don't generate that much solid waste. Will a small container be available?

Answer: The only size cart for the refuse is the 95 gallon size. If you wish not to use the refuse cart provided free with the program, arrangements may be made with Allied Waste in mid April 2009 to have them pick it up. You will be allowed to use a cart that you currently own if preferred. It should be noted that the Solid Waste committee designed the provided carts so that there would be a uniform, attractive look along the roadside during pick up days. The color was also intended to help the carts blend into the environment when not in use so use of the provided carts is preferred.

10. If a house is vacant and no one is living there, why is there still a fee?

Answer: It is important to note that the contract with Allied Waste has a no opt out agreement. All single-family homeowners will be required to participate whether the home is occupied or not.

11. What is the age for the senior discount?

Answer: To qualify for the senior discount you must be the owner of the home and 65 years or older. Allied customer service requires a copy of a driver's license or birth certificate to validate the homeowner's age. Black out the operators code numbers at the top and mail or fax the document to Allied Waste. For more information, contact the Allied Waste customer service line at 800-858-0089.
