AGREEMENT

This Agreement is made this 11th day March 2019, between the CITY OF ROCHESTER HILLS, Oakland County, Michigan (hereinafter referred to as the “Employer”), and the ROCHESTER HILLS PROFESSIONAL FIRE FIGHTERS, INTERNATIONAL ASSOCIATION OF FIRE FIGHTERS, LOCAL 3472 (hereinafter referred to as the “Union”).

Statements in this collective bargaining agreement which utilize pronouns that indicate either the male or female gender are not meant to apply to one sex rather than the other, but are meant to apply to both sexes equally.

The Employer and the Union agree there shall be no discrimination against any employee by reason of race, creed, color, age, sex, marital status, national origin, or any other illegal motive.

The headings used and the exhibits in this Agreement neither add to or subtract from the meaning, but are for references only.

Any reference in this Agreement to the term “Department” means the Fire Department of the City of Rochester Hills.

PURPOSE AND INTENT

The general purposes of this Agreement are to set forth the terms and conditions of employment, and to promote orderly relations for the mutual interest of the Employer, employees and Union. The parties recognize that the interest of the community depends upon the Employer’s and employees’ success in establishing a proper service to the community. To these ends the Employer, the employees and the Union encourage to the fullest degree friendly and cooperative relationships between the respective representatives at all levels and among all employees.

Furthermore, this Agreement recognizes a continued commitment by the City of Rochester Hills to utilizing a combination of full-time career personnel and paid-on-call, part-time and/or
reserve personnel in an efficient and effective manner; to preserving the resources of the community through fire prevention and suppression; to reducing the adverse effects of injury or sudden illness through quality emergency medical service as first responders; to providing the necessary services during natural or man-made disasters; and to responding to the community as requested in the best spirit of the fire service.

Nothing in this Agreement shall be deemed to constitute a waiver of or limitation upon the parties’ obligation to bargain under the Public Employment Relations Act, MCL 423.201 et seq.

ARTICLE 1: MANAGEMENT RIGHTS

The City, on its behalf and on behalf of its electors, hereby retains and reserves unto itself, without limitations, all powers, rights, authority, duties and responsibilities conferred upon and vested in it by the City Charter, laws and the Constitutions of the State of Michigan and of the United States. Further, the rights to perform any lawful function whatsoever except such as are specifically stated in this Agreement are reserved to and vested in the City, including but without limiting the generality of the foregoing and following rights:

1. To manage its affairs efficiently and economically, carry out cost and general improvement programs, determine quantity and quality of services to be rendered, control materials, tools and equipment to be used, introduce new equipment, machinery or processes, change or eliminate existing equipment, institute technological changes, and decide on materials, supplies, equipment and tools to be purchased; provided the City shall not endanger the health, safety or welfare of the members of the bargaining unit in the performance of their duties.

2. To construct new facilities, improve existing facilities and determine the number, location and type of facilities and installation.
3. To hire employees.

4. To determine the size and assignments of the work force and increase or decrease its size.

5. To permit employees not included in the bargaining unit to perform bargaining unit work in an emergency or operational difficulty.

6. To direct the work force, assign work and determine the number of employees assigned to any particular job, assignment or operation.

7. To establish, change, combine or discontinue the job classifications and wage rates within the bargaining unit.

8. To determine work schedules, lunch periods, rest periods and clean-up times.

9. To discipline, discharge, or demote employees for just cause.

10. To establish, revise and enforce operating policies, procedures and rules.

11. To transfer or promote employees from one classification or shift to another; or from fire prevention to fire suppression or vice-versa.

12. To select employees for promotion or transfer to supervisory or other positions and to determine the qualifications and competency of employees to perform available work.

**ARTICLE 2: RECOGNITION**

The Employer solely recognizes the Union as the exclusive bargaining representative as defined in Act 379 of the Public Act of 1965, as amended, for all employees in the bargaining unit as follows:

All full-time, fire fighters/paramedics, fire inspectors/lieutenants, training officer/captain, EMS coordinator/captain, Battalion Chief, Suppression Lieutenant, Captain/Assistant Fire
Marshall, Assistant Chief /Fire Marshall and assistant chief; but excluding all other City employees including emergency medical technician, paid-on-call personnel, fire chief, deputy fire chief, dispatcher, supervisor of communication systems, communications coordinator, public education specialist, elected officials and all other executive, confidential, clerical employees, and part-time and reserve employees.

The term “fire fighter/paramedic” shall be applied to all suppression personnel covered by this Agreement unless otherwise indicated.

**ARTICLE 3: AID TO OTHER UNIONS**

The Employer will not aid or promote any labor group or organization which purports to engage in collective bargaining or make any agreement with such group or organization for the purpose of undermining the Union.

**ARTICLE 4: DUES**

A. During the life of this Agreement, the Employer agrees to deduct Union membership dues, fees and assessments from the pay of each employee who voluntarily executes and files with Accounting a written authorization for such deductions. Such authorization form shall be prepared and furnished to the employees by the Union and shall, as a minimum, recite that the City is authorized to deduct Union dues, fees and assessments in effect from time to time from the pay of the particular employee and forward such sum to the Union in accordance with the terms of this Agreement. The Union is to notify the City as to the amount of Union dues, fees and assessments, and of any changes, said notification to be made at least thirty (30) days before said dues fees and assessments are to be deducted.

B. A properly executed copy of the authorization of dues, fees and assessments shall be delivered to Accounting by the employee before any payroll deductions are made.
Deductions shall be made thereafter effective at the time the application is delivered to the Accounting Department. Dues shall be deducted from the second pay of each month, provided that the authorization form shall be delivered prior to the first of the month in which the first deduction is to be made.

C. Deductions for any calendar month shall be remitted to the designated financial officer of the Union not later than the tenth day of the following month with a list for whom membership dues, fees and assessments have been deducted. Any disputes over this Paragraph C shall be resolved through the Grievance Procedure.

D. The Union agrees to hold the City harmless from all liability claims, demands, suits or costs by reason of any action taken or not taken by the City for the purpose of complying with Article 4 of this Agreement. Any error or neglect involving the improper deduction of, or failure to deduct, Union dues, fees and assessments in accordance with this Agreement shall be resolved through the Grievance Procedure.

E. Dues, fees and assessments shall be deducted unless the member revokes, in writing, the authorization. In that event, the City will cease making deductions as soon as administratively feasible.

ARTICLE 5: REPRESENTATION

The Union agrees that, except as specifically provided by the terms and provisions of this Agreement, employees shall not be permitted to engage in Union activity during working hours. The steward, or alternate in the absence of the steward, may handle grievances on City time during his work hours without loss of time or pay provided the time is devoted to the proper handling of grievances and is not abused. Likewise, the Union steward shall have the right to post Union notices and bulletins during regularly scheduled working hours.
A. The Union shall inform the Employer in writing as to who has been appointed or elected officer(s) and steward for the bargaining unit.

B. The Union shall be allowed to hold its meetings at any fire station, provided permission is requested in advance from the Fire Chief or a Deputy Fire Chief. Such permission will not be unreasonably denied.

C. Representatives of the International Association of Fire fighters who wish to conduct business with an on duty employee will be permitted to do so for a reasonable length of time provided that the conduct of such business does not interfere with the performance of such employee’s work and provided written permission is first obtained from the Fire Chief or, in his absence, the chief officer on duty.

D. For collective bargaining purposes, up to three employees in the bargaining unit may meet in sessions with the City. If such sessions are held during their work hours, the employees will not lose time or pay.

**ARTICLE 6: SPECIAL CONFERENCES**

Special conferences will be held whenever mutually agreed between the Union steward and the Employer or its designated representatives to discuss specific topics of common concern. The topics to be discussed at a special conference will be disclosed at the time the conference is requested, and the conferences will be limited to those topics. Union representatives will receive normal rate of pay if a conference is held during their scheduled work hours.

**ARTICLE 7: DISCIPLINE**

No employee shall be disciplined or discharged without just cause.

The parties subscribe to the concept and use of progressive discipline whenever possible:

A. Written Warnings
B. Written Reprimands

C. Short Suspension Without Pay (Not to Exceed Four (4) Shifts)

D. Long Suspension Without Pay or Discharge

The parties agree that the purpose of progressive discipline is to provide an employee a reasonable opportunity to correct his/her employment behavior short of discharge. Failure of the Employer to follow precisely the steps set forth above shall not, per se, be grounds for reinstating a discharged or disciplined employee, but shall be considered on a case-by-case basis in determining whether just cause exists.

Employees have the right to have Union representation at any level of disciplinary action taken against them and at a documented conference with the employee. The employee must sign to acknowledge receipt of a copy of any disciplinary action and documented conference. This is not to be construed as an admission of guilt, but only as an acknowledgment that such action exists.

An employee shall, upon request, have access to his personnel file retained by the Employer as defined by state law. It is considered his official file in grievance hearings.

The Employer shall consider no prior infraction occurring more than two (2) years previous in imposing discipline on a current charge.

Discipline can only be administered by the Chief or his designee. The City will issue any disciplinary action necessary within twenty (20) calendar days after the City knew or had reasonable notice of the facts giving rise to the discipline.

**ARTICLE 8: GRIEVANCE PROCEDURE**

Definition of a Grievance: A grievance is a complaint submitted by any employee who is a member of the bargaining unit covered by this contract that there has been a violation, misinterpretation, or misapplication of any provision of this Agreement. Grievances shall be
presented and adjusted in accordance, with the following procedures, provided that nothing herein shall be construed as preventing an individual employee from attempting to adjust a grievance with the Employer, provided that the Union shall have the right to be present at any meeting at which said adjustment is discussed.

No grievance shall be accepted and processed which is not filed within twenty-one (21) calendar days after the employee knew or had reasonable notice of the facts giving rise to the grievance. Failure to file a grievance within these time limits will operate to waive any claim of contract violation, and to bar the grievance from arbitration.

For the purpose of the grievance procedure, the time limits mentioned herein shall commence on the day after a grievance is presented or a response is given.

**Step 1**

If the Employee, the steward and the supervisor cannot arrive at a mutually satisfactory settlement, the employee may request the steward to file a grievance with the Deputy Chief or designee. The Deputy Chief or designee shall give an answer in writing within seven (7) calendar days of the receipt of the grievance by the Deputy Chief or designee.

**Step 2**

If no settlement is reached in Step 1, the matter may be appealed to the Fire Chief or designee in writing within seven (7) calendar days from the receipt of the Step 1 written answer from the Deputy Chief or designee. The Fire Chief, or designee, shall give an answer in writing within fourteen (14) calendar days of the receipt of the grievance by the Fire Chief.

**Step 3**

If no settlement is reached in Step 2, the matter may be appealed in writing within seven (7) calendar days from the receipt of the Step 2 written answer from the Fire Chief or designee.
Upon receipt of the appeal, the Director of Human Resources or designee shall schedule a meeting between no more than two representatives of the Union and no more than two representatives of the Employer. The Employer shall inform the steward (within seven (7) calendar days) of the date of the Step 2 meeting. This meeting shall take place within twenty-one (21) calendar days from the date of the appeal to Step 2. A written response from the Employer must be submitted within seven (7) calendar days after the Step 2 meeting.

**Step 4: Pre-Arbitration Meeting**

A. If the Union does not accept the answer of the Employer at Step 3, the Union shall, within fourteen (14) calendar days of receipt of the Step 3 response from the Employer, furnish the Director of Human Resources or designee with a written notice that the Union desires to proceed to arbitration. (If the grievance is not settled and if arbitration has not been demanded by the Union, such grievance shall be forever barred and extinguished.)

B. The parties shall each designate an advocate(s) to represent them in the arbitration. The advocates shall meet in a pre-arbitration meeting within thirty (30) calendar days after receipt of the aforementioned notice by the Employer. The advocate(s) will attempt to resolve the dispute.

If no such agreement has been reached within that thirty (30) calendar day period the Union shall, within twenty-one (21) calendar days after the conclusion of the pre-arbitration meeting, initiate procedure for the selection of an arbitrator as provided for by the American Arbitration Association.
**Step 5: Arbitration**

A. All proceedings relating to any arbitration shall be pursuant to the Voluntary Rules of Labor Arbitration published by the American Arbitration Association. The parties may, in any case, agree in writing to abide by the expedited rules published by said Association.

B. Arbitrators shall have no authority to add to, subtract from, change or modify any of the terms of this Agreement. However, nothing contained herein shall be construed to limit the authority of the arbitrator, in his judgment, to fashion any remedy necessary to make the grievant whole. The arbitrator shall only make an award in favor of any grievance upon an express finding of a violation of this Agreement.

C. The decision of the arbitrator shall be final and binding and may be enforced in any court of competent jurisdiction.

D. All costs of any arbitration shall be borne equally by the two (2) parties. Each party shall be responsible for the expenses of its witnesses and its advocates.

E. Any grievance for which a time limit is exceeded by the employer shall be deemed granted. Any grievance for which a time limit is exceeded by the Union or the grievant shall be deemed denied in its entirety and settled on that basis. The parties may, however, mutually agree in writing to extend any time limits set forth in the grievance procedure.

**ARTICLE 9: SENIORITY AND PROBATION**

A. A new or rehired employee shall be considered a probationary employee for the first twelve (12) consecutive calendar months of the employee’s full-time employment by the Fire Department. If a probationary employee is granted an excused leave of absence of four (4) or more shifts, the probationary period will be frozen at that point and will be resumed when the employee returns to work provided he/she returns immediately to his/her job at
the conclusion of the excused absence. The time the employee is absent from work because of the excused absence does not count toward completion of the twelve (12) consecutive calendar month probationary period.

B. When an employee satisfactorily completes the probationary period including a satisfactory performance appraisal, his/her name shall be entered upon the seniority list in the appropriate classification and his/her seniority date as a full-time employee in the bargaining unit shall be his/her date as a full-time hire in the bargaining unit. An annual performance appraisal will be administered to all seniority employees. There shall be no seniority among probationary employees. Performance appraisals will be performed by the Employee’s immediate supervisor with review by the Fire Chief or designee. The Employee will have the option to provide a written response to the appraisal.

C. Employees hired on the same date shall have seniority determined by the employee’s test score used for hiring, if available or, if not available, by the last digit of the employees’ Social Security numbers. The employee with the highest test score or highest last digit is most-senior. Should the test score be the same, then the last digit of the Social Security number will be used. Should the last digit of the Social Security number be the same, use the second, third, etc., last digit in the same manner.

D. The Union shall represent the probationary employees for the purposes of collective bargaining in respect to rates of pay, wages, hours of employment and other conditions of employment as set forth in this Agreement, except that the Union shall not represent probationary employees with respect to discharge or discipline by the City other than for Union activities.
The Employer shall keep the seniority list current, and provide a copy to the Union president semi-annually and when additions or changes are made to the list.

E. Except as provided in the paragraph below, during the probationary period, health care benefits, including dental will be provided the first of the month following sixty (60) days after regular, full-time employment or as soon as practical. Life/AD&D, short-term disability and long-term disability insurance will be provided the first of the month following completion of the first one-hundred and eighty (180) days of the probationary period. Pension contributions will be provided as of the first pay following completion of the first six (6) months of the probationary period. Annual leave will be earned and credited after the first three (3) months of regular, full-time employment. Earned vacation leave will be credited after the completion of the first six months of the probationary period.

Employees who are hired into this bargaining unit directly from other City positions shall serve a probationary period as set forth in this Article. Such employees shall continue any health, life, and disability insurance coverage that they previously had at the levels provided for in this agreement. Continuation in the pension plan shall be governed by the plan documents. At the discretion of the Fire Chief, vacation and/or annual leave balances may be paid off prior to entry into this unit, or carried forward for use after the applicable waiting periods (90 days for annual leave and six months for vacation).

In the event of a rehire, reinstatement of benefits will be in accordance with the requirements of the insurance carriers and/or benefit plans.

F. The Letter of Agreement dated March 15, 1996 is voided. For Paid-on-Call Fire Fighters (POCs), Part-Time Fire Fighters and Reserve Fire Fighters entering full-time employment
after April 10, 2013, POC, Part-Time and Reserve service will not be counted as City service time toward benefit eligibility, except as provided in Paragraph (E) of this Article.

**ARTICLE 10: LOSS OF SENIORITY**

An employee’s seniority shall terminate:

A. If he quits, retires or is discharged, which discharge is not reversed through the grievance procedure.

B. When he has been laid off for lack of work or funds for a period of time in excess of twenty-four (24) consecutive months.

C. When an employee fails to report to work from a layoff when recalled in accordance with layoff and recall provisions provided for in this Agreement.

D. The employee is absent without leave (AWOL) for three (3) consecutive, regularly scheduled work days without notifying the Employer according to Fire Department procedures. After such absence, the Employer will send written notification to the employee at his last-known address that he has lost his seniority and that he is considered a voluntary resignation. In proper cases, exceptions may be made by the Employer.

E. If he accepts full time employment elsewhere while on a leave of absence or does not return to work immediately following the expiration of a leave of absence.

F. The employee pleads to (without filing a subsequent appeal within three [3] months) or is convicted of any felony or is unable to complete his assigned duties for a period one hundred-eighty (180) consecutive calendar days within a year as a result of a criminal offense.
G. The employee is unable to return to work after twenty-four (24) consecutive months of approved leave. Exceptions may be made at the discretion of the Employer.

Employees unable to perform their regular duties because of a non-duty related disability and who are receiving disability benefits pursuant to a City benefit plan required by this Agreement shall be placed on a leave of absence not to exceed twenty-four (24) months from the date of the injury or the commencement of the illness, and shall continue to accrue seniority during said leave.

H. Employees unable to perform their regular duties because of a duty-related disability shall be placed on a leave of absence and shall continue to accrue seniority for the period they are receiving disability benefits pursuant to a City benefit plan required by this Agreement or workers’ compensation benefits for a maximum of forty-eight (48) months from the date of the injury or the commencement of the illness. This provision shall apply to the redemption of a workers’ compensation claim relating to this disability where the employee is totally and permanently disabled. In the event of a dispute as to whether the employee has a total and permanent disability for purposes of this provision, a determination shall be made by a medical review panel comprised of the employee’s physician, a physician appointed by the City and a third physician selected by the other two. The determination of this medical review panel shall be final and binding on all parties.

I. First consideration will be shown to former employees who lost their seniority because of inability to return from an approved leave of absence who apply for new
or vacant positions. It is not the responsibility of the City to advise such employees of the existence of these new or vacant positions.

J. Re-hired employees, after serving a 12-month probationary period, shall be credited with their prior service time for the purpose of benefit accruals. Rehired vested employees shall participate in the pension plan in the same manner as if there had been no break in service and all prior service for vesting shall be credited.

**ARTICLE 11: PLATOONS AND WORK SHIFTS**

A. Subject to the Fire Chief’s right to assign in sub-section B of this Article, fire fighters shall have their choice of platoon and station selection based on seniority as a full-time fire fighter. Seniority means from the highest to lowest on the union seniority list.

Fire Prevention/Administrative personnel shall have their choice of work week based on their seniority in their respective division provided that two (2) fire prevention employees covered by this Agreement are scheduled each day, Monday through Friday, excluding holidays.

Employees’ choice of shift/platoon and station will be made in October of each even-numbered year for the upcoming two consecutive calendar years. The City shall provide to the Union no later than September 1 the available positions per rank for each station and each platoon. The Union shall be responsible for contacting each employee and to submit the employee’s choices to the Fire Chief in writing no later than October 29. The shift/platoon and station assignments shall be posted by no later than the first Monday after November 1 for the upcoming two consecutive calendar years and shall be effective on January 1.
B. The Fire Chief shall maintain the right to assign personnel to platoons or stations under valid circumstances (e.g., conflicts between personnel or the need for more experienced personnel on a platoon); such changes shall occur no more frequently than once every ninety (90) days for each affected employee. The affected fire fighters shall be provided a thirty (30) day notice prior to the change.

C. In addition, fire fighters may voluntarily trade shifts under the following conditions:
   1. No overtime or out-of-class pay shall be created as a result of this provision (e.g., a fire fighter works his/her shift, stays to work another shift for someone else and then uses annual leave for his/her next normal shift--thereby creating a need for another fire fighter to cover that shift on an overtime basis.
   2. The request for a trade of a shift shall be submitted in writing at least 24 hours in advance and shall be subject to the authorization of the Fire Chief or his/her designee.
   3. A fire fighter must remain on duty until relieved.
   4. Trades shall be limited to only two (2) fire fighters.
   5. Trade of shifts shall be confined to members that are qualified and have license/certification to perform the scheduled duties.
   6. The City shall not assume any responsibility for any time lost to any member.

**ARTICLE 12: LAYOFF AND RECALL**

A. A layoff is a reduction in the working force.

B. Employees shall be laid off according to the following procedure:
1. Probationary employees within the affected classification(s) will be terminated.

2. Thereafter, seniority employees will be laid off in inverse order of the seniority date within the affected classification(s) in the Department. Employees to be laid off shall receive as much advance notice as practical under the circumstances, but in no event less than ten (10) working days notice.

3. When a seniority employee is laid off for an indefinite period of time or the initial layoff extends beyond ten (10) working days, he shall be allowed to bump any less-senior employee in a lower-paying classification within the Department, provided he is qualified to perform the available work within a period not to exceed sixty (60) calendar days

4. In the event the layoff under Paragraph 2 occurs in the lowest-paying classification within the Department, the provisions of Paragraph 3 will not apply.

C. For purposes of this Article, the term “Department” means the Fire Department. The term “seniority” means the employee’s seniority as defined in Article 9: Seniority.

D. Since probationary employees shall be considered as terminated rather than laid off in the event of a reduction in the work force, there shall be no requirement for the City to rehire. In the event they are rehired at a later date, they shall be treated for all purposes of this Agreement as a new employee.
E. It is understood and agreed that the City has the sole right to select the classification(s) in which the layoff will take place.

F. The Employer will not exceed ten (10) paid-on-call fire fighters per station when any fire fighter covered by this Agreement is on layoff.

G. Employees will be recalled in the reverse order of the layoff, provided the employee is qualified to perform the available work. Notice of recall shall be sent to the employee at his last-known address by overnight mail. If an employee fails to report to work within eight (8) calendar days after notice of recall is sent, he shall then be considered to have voluntarily left the employment of the City. However, in proper cases, the City shall give consideration to the employee and grant an exception to the provisions of the preceding sentence.

Employees shall be placed on the eligibility list in order of total score, highest to lowest. The City shall conduct promotional testing for the position of Suppression Lieutenant and Battalion Chief every two years, or upon exhaustion of the list, whichever occurs first. The eligibility lists for Suppression Lieutenant and Battalion Chief shall expire on the second anniversary date it became effective, or upon exhaustion of the list, whichever occurs first. In that event, any requirement for experience in the IAFF bargaining unit shall not apply to the filling of that existing promotional opening.

In the event that no bargaining unit employee currently meets the minimum qualifications for an existing promotional opening, and no bargaining unit employee will be able to meet the minimum qualifications for a promotional opening within six (6) months from when it became open, the City may fill the position from outside of the bargaining unit after meeting with the Union to discuss a resolution.

In the event that no bargaining unit employee passes the written examination, the City will administer a second written examination. If no employee passes the second written examination, the City and the Union will negotiate in good faith for a resolution.

Any requirement for experience in the IAFF bargaining unit shall not apply in any case where the City is allowed to fill a position from outside of the bargaining unit.

D. **Probationary Period**

Any employee who receives a promotion or transfer may be returned by the Employer to his or her former position within a 12-month probationary period.
Service in an acting position is not counted toward completion of a probationary period. The employee may voluntarily revert back to his or her former bargaining unit position within 90 calendar days after the date of promotion or transfer. If the former bargaining unit position no longer exists, the employee shall have the right to revert to any existing position, provided he/she possesses the required certifications/licensures set forth above. However, an employee who receives a promotion or transfer and remains in the new position for more than 90 calendar days may be excluded from consideration for any position in another division for up to five (5) years after the date the date of promotion or transfer.

E. Promotion from Out-of-Class

An employee who works out of a classification in a higher paying, vacant position for a period of twelve (12) consecutive months shall be promoted to that position, without examination, upon that employee’s request. However, the employee must meet or attain the minimum qualifications for the higher position within twelve (12) months of promotion.

This provision shall not apply to those employees working out of classification in a higher-paying classification as the result of a vacant position created by an employee who is on an approved leave.

ARTICLE 14: VETERANS AND MILITARY LEAVES OF ABSENCE

An employee who enters the military service of the United States by draft or enlistment shall be granted a leave of absence for that purpose and at the conclusion of such leave of absence shall be reinstated in accordance with all applicable provisions of the Uniformed Services
Leaves of absence shall be granted to employees who are active in the National Guard or a branch of the Armed Forces Reserves. Applications for leaves of absence for such purpose must be made as soon as possible after the employee’s receipt of his orders or schedules.

Employees on military leaves of absence will be paid the difference between their military pay and their straight time wage for their regularly scheduled workdays when they are on such a leave of absence for periods not to exceed twelve (12) weeks in any twelve (12) month period provided proof of pay is submitted.

**ARTICLE 15: LEAVES WITH PAY**

A. ANNUAL LEAVE

1. Eligible fire prevention/administrative personnel (see Article 9:E.) shall accrue four (4) hours of annual leave each pay period to a maximum of 104 annual leave hours per year. Fire fighters shall accrue twelve (12) hours of annual leave each month. Leave accruals will be charged based on the number of hours for an employee’s scheduled shift.

2. Unused annual leave accrued through the end of the first pay in June will be processed prior to the subsequent payroll ending date subject to the following:

   a. Fire prevention/administrative employees with Annual Leave time remaining will have that leave time carried forward, up to a maximum of 40 hours. Fire suppression employees with Annual
Leave time remaining will have that leave time carried forward, up to a maximum 72 hours.

b. Employees will be paid one-hundred percent (100%) of their straight time hourly wage for any unused Annual Leave time in excess of hours carried forward.

3. In order to take Annual Leave time, an employee shall notify the Chief or his/her designee as follows:

a. In non-emergency circumstances, the employee must notify the Chief or his/her designee at least twenty-four (24) hours before the start of the shift for which the employee seeks to use the Annual Leave.

In emergency circumstances (defined as a situation that cannot be planned for, which results in an urgent need for assistance/relief and that requires immediate action), the employee shall notify the Chief or his/her designee no later than two (2) hours before the start/change of the shift for which the employee seeks to use the Annual Leave. However, in those instances where the emergency occurs within that two (2) hour period prior to the start of the shift, the employee shall notify the Chief or his/her designee without delay that he wishes to take Annual Leave.

Such notification shall be in a reasonable manner to be specified by the Fire Chief. Likewise, if an employee must leave work because of an illness, the employee shall properly notify supervision in a reasonable
manner as prescribed by the Fire Chief. Annual Leave time will be charged a minimum of no less than two (2) hours.

When utilizing Annual Leave time, the employee shall consider the efficient operation of the Department concerned. The Employer will not unreasonably deny approval or discipline employees regarding the utilization of annual leave time as long as such annual leave time is utilized in accordance with this Article. The Fire Chief has the authority to discipline employees for abuse of annual leave. The Fire Chief or his/her designee will notify the employee in writing that abuse is suspected. This notice also will invite the employee to explain or refute the abuse claim. Use of annual leave for valid reasons shall not be considered abuse. Any discipline issued for abuse shall be subject to the Grievance Procedure.

B. FUNERAL LEAVE

A seniority employee shall be allowed up to seven (7) calendar days, with pay for scheduled work time, to attend the funeral or funeral related activities for a death in the close family. Close family is defined as follows: the employee’s mother or father, wife or husband, son, daughter, a member of employee’s household, mother or father of present spouse and the employee’s brother, sister, grandparent, grandchild, step-grandparents, step-parents, or step-children. Additional funeral leave above and beyond that set forth above may be granted at the discretion of the Human Resources Director or his/her designee.
C. JURY DUTY

The Employer shall pay employees who are summoned for and serve jury duty the difference between their straight time wage for their regularly scheduled workdays during their active time of jury duty and the amount paid by the Court for periods not to exceed twelve (12) weeks in any twelve (12) month period. Employees summoned for jury duty must notify their supervisors as soon as possible, keep their supervisors apprised of their need for continuing time off for jury duty and report to work for the remainder of any scheduled shift. Proof of jury service may be required.

An employee shall be required to report back to work in any case where the employee serves less than eight (8) hours on jury duty.

If an employee working a twenty-four (24) hour shift provides documentation that he/she is required to report for jury duty on the day following a duty shift, the employee may be released by 23:00 hours on the night preceding the jury duty.

ARTICLE 16: UNPAID LEAVES OF ABSENCE

A. Application for Unpaid Leave of Absence. Upon application by the employee to the Fire Chief, unpaid leaves of absence may be granted in the case of medical emergency, elected position, appointed position, personal educational leave, caretaker responsibility or other justifiable reasons. Leaves may be granted not to exceed twelve (12) months. An extension may be requested. All requests for unpaid leaves of absence shall be answered by the City within seven (7) calendar days of the request.
B. Benefits During Leaves of Absence.

1. Accruals

Annual and vacation time will not be accrued for any pay period during which the employee received no payroll check. Seniority is frozen at the commencement of an unpaid leave of absence; however, seniority shall continue to accrue for extended illness/injury leaves or in FMLA qualifying situations, or as otherwise provided for in this Agreement, (see for example, Article 10 and Article 30). All accrued vacation leave must be exhausted before the commencement of an unpaid leave.

2. Insurance

Except for extended illness/injury leaves, or in FMLA qualifying situations, or as otherwise provided in this Agreement, (see, for example, Article 10 and Article 30), employer-paid health, life and disability insurance contributions cease as of the first of the month following one full calendar month in which the employee has received no payroll check, subject to COBRA/PHSA continuation provisions, or as otherwise provided for in this Agreement.

3. Pension

Pension contributions are based on earnings and cease as of the first pay period for which no payroll check is received, except as otherwise provided by law or in this Agreement.
C. Return from Unpaid Leave of Absence.

To return from an unpaid leave of absence for medical reasons, an employee must provide a statement from a physician that releases the employee to come back to work. At the discretion of the Fire Chief, any employee on medical leave/disability or returning from medical/disability leave may be required to be evaluated by the Employer’s physician.

D. ADA.

In addition, the Employer is committed to the lawful implementation of the Americans with Disabilities Act (ADA) and the Michigan Persons with Disabilities Civil Rights Act. Qualified employees who provide medical verification of a bona fide disability to the Employer shall be accorded all of the rights properly granted under these statutes.

E. FMLA.

All rights and responsibilities granted under this contract provision are not meant to conflict with the rights and responsibilities granted under the Family and Medical Leave Act (“FMLA”). Whenever an employee uses any leave granted under this contract for purposes defined under the FMLA, that employee will be required to use FMLA concurrently with that leave up to the twelve (12) weeks per year granted under the Act (under FMLA the employee must use vacation leave first and may use annual leave before utilizing unpaid leave time under FMLA). Employees who exhaust FMLA may request and may be granted additional leave as provided for in this Article.
FMLA leave shall be in accordance with the City’s 2013 FMLA Policy. Unless and until an employee has requested and been approved for FMLA leave, the employee’s annual leave will be charged for the absence. FMLA will apply to the first 12 weeks of a Worker’s Compensation Leave. The City will allow an employee to use paid time to cover up to four (4) follow-up visits after the employee returns from an absence from work due to an injury covered by workers’ compensation.

ARTICLE 17: LEAVES FOR UNION BUSINESS

Members of the Union may attend conventions of the MPFFU or the IAFF and official functions of the International or State Union at their own cost and expense, without loss of pay or time provided:

- The maximum number of working hours allowed for such purposes for all members of the Union collectively shall not exceed 120 hours in any one year period,
- Adequate shift coverage is maintained,
- No overtime shall be created as a result of this Article, except as approved by the Fire Chief; the Fire Chief shall not unreasonably deny approval.

Proof of attendance shall be given at the request of Fire Department Administration.

ARTICLE 18: WORKING HOURS, PREMIUMS AND ALLOWANCES

A. Fire fighter/paramedics

1. Fire fighter/paramedics employed on the effective date of this Agreement and those subsequently hired will work an average of 2912 hours annually, in 24 hour shifts in a 3 platoon scheduling system.

    Fire fighter/paramedics are compensated at straight time for all regularly scheduled hours worked. Regularly scheduled hours worked in excess of 106 in a
pay period are paid an additional one-half of the fire fighter/paramedic’s hourly rate. For these overtime calculations, only hours actually worked are considered. Paid and unpaid time off are deducted from total hours in a pay period.

All scheduled and unscheduled hours worked outside of the fire fighter/paramedic’s regularly scheduled shifts are paid at one and one-half times the fire fighter/paramedic’s hourly rate. For these overtime calculations, there is no deduction for time off and the fire fighter is paid one and one-half times the fire fighter/paramedic’s hourly rate regardless of the total hours actually worked in the pay period.

The overtime procedure is explained in more detail in Appendix F. See also Appendix G - Parties’ LOA regarding training dated 8-21-2012.

2. Meal Allowance.

Each 24-hour fire fighter/paramedic employed on the first payday in June and the first payday in December will receive a food allowance of $350.00 each payable on those paydays.

3. Daylight Savings Time.

On the days that daylight savings time begins and ends, fire fighters who work full shifts on those days will be paid for a 24-hour shift.

B. Fire Prevention/Administrative Personnel

1. needs of the Department. This Article shall not be construed as, and is not a guarantee of any number of hours of work per day or per week, or pay per day or per week. The City reserves the right to schedule the workweek and the right to schedule the lunch break.

2. All scheduled time worked in excess of 40 hours in any 1 work week will be paid at time and one-half of the employee’s then-current regular hourly rate of pay. However, double time will be paid for hours worked continuously on the same shift in excess of 2 hours more than the number of hours scheduled for that shift. Also, double time will be paid for hours worked on the seventh day of an employee’s weekly work schedule.

C. Overtime

If, in the judgment of supervision, there exists an emergency or operational difficulty, which requires overtime work, supervision may assign overtime as needed throughout the Department, and the employees assigned the overtime shall work it. Overtime will be permitted only when authorized by the Fire Chief or his designated representative.

Overtime will be assigned in accordance with the RHFD Standard Operating Policy 100.51 dated November 11, 2015, which is hereby incorporated by reference.

D. Court Stand-By Pay.

Anytime an employee is required by the City to be available in order to appear in court, this shall be considered stand-by court time, and the employee shall receive his straight time hourly rate for the entire duration of time during which he/she was required to be available, up to eight hours in one day.
ARTICLE 19: HOLIDAYS

Fire prevention/administrative personnel shall be paid their current rate of pay for ten (10) hours, for the following designated holidays. Any such fire prevention/administrative employees required to work on a designated holiday will receive holiday pay in addition to pay at the rate of time and one-half the regular rate of pay:

- Memorial Day
- Christmas Day

- Day before New Year

Each 24-hour fire fighter shall be paid $4,500 per year for holidays payable in two increments, ½ on the first pay day in June, and ½ on the first payday in December to fire fighter/paramedic employed on that day. The “holiday pay check” shall be separate and not incorporated into the regular paychecks. Fire fighters will receive no other compensation or premium pay in addition to their regular rate of pay for working on holidays.

That determination will be at the sole discretion of the Fire Chief or his designee.

C. The City shall provide a class A dress uniform after five (5) years of service as a full-time fire fighter. The City is not required to replace, repair or alter the dress uniform. A. ARTICLE 24: RETURN TO WORK

Section A: Annual Physicals

All members of the bargaining unit shall attend a Department physical examination on an annual basis (date to be determined by the Fire Chief or designee). The annual physical shall be job-related and consistent with business necessity. The scope and process of, and standards applied, shall be in accordance with Sections 7.5, 7.6 and 7.7 of Chapter 7 and with Chapter 9 (including Annex A material relating thereto) of NFPA 1582 Standard on Comprehensive Occupational Medical Program for Fire Departments. Except in the case of a dispute as provided below, the only information to be provided to the City from the annual physical exams is whether the employee passed or failed, and if failed, then the reason(s) and basis for concluding why the member failed. The City shall make reasonable accommodations as required by law, but shall not be required to provide for alternative, restricted or light duty assignments.

If an employee fails to pass the Department physical, the employee will be able to request a leave of absence as allowed in Articles 15(A) and 16, use accumulated annual leave or vacation, apply for a short term disability under the City’s insurance policy, or apply for Workers Compensation benefits.

If the member disagrees with the findings of the annual physical, the member’s physician shall be provided with all the information and test results upon which the Department doctor relied in finding the member unfit for duty pursuant to the above-referenced NFPA provisions. If the member’s physician disagrees with the findings of the City’s doctor, the matter, including all the information and tests results upon which the City’s doctor and the employee’s doctor relied, shall
be submitted to a third doctor mutually selected by the Union and the City, or if mutual agreement on a third doctor cannot be reached, then submitted to arbitration under Step 4 of Article 8. The decision of the third doctor, or arbitrator, shall be final and binding on all parties.

The employee shall be made whole, in wages and benefits, if the third doctor or arbitrator determines that the employee is fit for duty. The make whole remedy shall be offset by any short term disability or Workers’ Compensation benefits the employee received, and for any time period in which the arbitrator or third doctor determines that employee was not medically fit for duty as provided for in the above NFPA standards. The make whole remedy shall be for the entire period the employee was off work, unless the arbitrator or third doctor specifically determines that the employee was initially unfit for duty and became fit for duty as of a later date. In considering the issue of the extent of the make whole remedy, there shall be a presumption that the employee was medically fit at all times. Said presumption can be overcome by specific finding(s) by the arbitrator or third doctor that the employee was initially unfit for duty and became fit for duty as of a later date.

The first annual physicals shall be conducted in 2017 and the results of those annual physicals shall be provided to the employees. The results of the 2017 annual physicals shall not be provided to the City unless the Department doctor finds that an employee’s continued performance of his/her duties presents a serious threat to the employee or others.

Section B: Medical Evaluations

All members of the bargaining unit may, at the discretion of the Fire Chief, be medically evaluated prior to being reassigned to emergency duties after an illness/injury needing medical attention and/or an operation requiring hospitalization. The medical evaluation will not only include a complete physical examination, but may also include a mental examination. If an
employee fails to pass either the physical examination or the mental examination, the employee will not be reassigned.

Evaluations under this provision shall be pursuant to the standards set forth in Sections 7.5, 7.6 and 7.7 of Chapter 7 and with Chapter 9 (including Annex A material relating thereto) of NFPA 1582 Standard on Comprehensive Occupational Medical Program for Fire Departments. However, only portions of the NFPA standards relevant to the injury/illness and/or operation are required by this Sub-Section.

If an employee is not reassigned, the employee will be able to request a leave of absence as allowed in Articles 15(A) and 16, use accumulated annual leave or vacation, apply for a short term disability under the City’s policy, or apply for Workers Compensation benefits.

If the member disagrees with the City’s determination, the member’s physician shall be provided with all the information and test results upon which the Department doctor relied in finding the member unfit for duty. If the member’s physician disagrees with the findings of the City’s doctor, the matter including all the information and tests results upon which the Department doctor and the employee’s doctor relied, shall be submitted to a third doctor mutually selected by the Union and the City, or if mutual agreement on a third doctor cannot be reached, then submitted to arbitration under Step 4 of Article 8. The decision of the third doctor, or arbitrator, shall be final and binding on all parties.

The employee shall be made whole, in wages and benefits, if the third doctor or arbitrator determines that the employee is fit for duty. The make whole remedy shall be offset by any short term disability or Workers Compensation benefits the employee received, and by any time period in which the arbitrator or third doctor determines that employee was not medically fit for duty as provided for in the above NFPA standards. The make whole remedy shall be for the entire period
the employee was off work, unless the arbitrator or third doctor specifically determines that the employee was initially unfit for duty and became fit for duty as of a later date. In considering the issue of the extent of the make whole remedy, there shall be a presumption that the employee was medically fit at all times. Said presumption can be overcome by specific finding(s) by the arbitrator or third doctor that the employee was initially unfit for duty and became fit for duty as of a later date.

**ARTICLE 25: EMPLOYEE INFORMATION**

The City maintains personnel records on all employees. It is the responsibility of every employee to ensure that the information provided to the City is accurate and to notify Human Resources of the following items or report any changes within twenty-four (24) hours of the effective date.

Union members are eligible for reimbursement of education expenses with approval of the Fire Chief and administrative approval in accordance with the City’s tuition refund program, which shall provide for tuition and fees up to $2,500 per year and $300 book allowance per year.
Employees who leave City employment within 1 year of receiving the reimbursed training/education are required to re-pay 100% of the amount reimbursed by the City, and employees who leave City employment within 2 years of receiving the reimbursed training/education are required to repay 50% of the amount reimbursed by the City.

With the proper approval, time off without loss of pay will be given to an employee for any course required to maintain certification for his or her classification, or otherwise required by the Department. Training required for licensing/certification, and training required by the Department, will be offered by the Department during the employees’ normal working hours; if an employee is unable to attend due to unforeseen emergency, then the Department will pay for the employee to attend the training outside the Department, with 1-1/2 overtime pay for time spent in such training outside of the employee’s normal working hours.

ARTICLE 27: MAINTENANCE OF STANDARDS

It is the intent of the Employer to maintain and promote a high standard for all conditions of employment and to improve the standards whenever and wherever possible.

ARTICLE 28: NO-STRIKE/NO-LOCKOUT CLAUSE

A. During the life of this Agreement, the Union shall not cause, authorize sanction or condone, nor shall any member of the Union take part in any strike, sit down, slow down, work stoppage, curtailment of work, concerted use of paid leave time, restriction of work, or interference with the operations of the City of any kind for any reason, including a labor dispute between the City and any other labor organization.
B. The Union agrees that it (and its officers) will take prompt, affirmative action to prevent or stop unauthorized strikes, sit downs, stay ins, slow downs, work stoppages, curtailment of work, concerted use of paid leave time, restriction of work or interference with the operations of the City by notifying the employees and the public, in writing, that it disavows these acts. The Union further agrees that the City shall have the right to discipline (including discharge) any or all employees who instigate, participate in or give leadership to any of these acts.

APPENDIX C: EMPLOYEE ALCOHOL/CONTROLLED SUBSTANCE TESTING
POLICY AND PROCEDURES

1. **PURPOSE**
   
   A. To establish the City of Rochester Hills’ policy and procedures for dealing with employees whose job performance may be impaired as a result of the use of alcohol and/or controlled substances.
   
   B. To identify and establish what assistance is available to employees with problems related to the use of alcohol and/or controlled substances.
   
   C. To identify the employee’s responsibility relative to the use of alcohol and/or controlled substances.
   
   D. To identify and establish the Employer’s responsibility relative to the use of alcohol and/or controlled substances by the employees.
   
   E. To identify and establish the Union’s responsibility relative to the use of alcohol and/or controlled substances by the employees.

2. **PROCEDURE**
   
   A. The demand for testing of City of Rochester Hills’ employees for the use of alcohol and/or controlled substances must be based on “reasonable suspicion” and must be ordered by the Fire Chief or designee with notification to the Mayor and Director of Human Resources.
   
   B. Standards for Determining Reasonable Suspicion:
      
      1. “Reasonable Suspicion” will be based on “specific objective facts and reasonable inferences drawn from these facts.”
2. Where the “reasonable suspicion” is based on personal observations the objective facts must be articulable and may include the employee’s appearance and behavior. Such personal observation must be made by a full-time chief officer or the highest ranking full-time department employee present at the location where the observation occurs.

Among the possible signs or symptoms of being under the influence of alcohol and/or controlled substances are any articulable factors which objectively demonstrate that a problem may exist, including, but not limited to:

- excessive absenteeism and tardiness;
- a pattern of impulsively taking vacation days;
- smell of alcohol or marijuana from employee;
- depression or erratic behavior;
- “glassy-eyed” appearance, “blood-shot” eyes or unusual appearance of the eyes including puffy or droopy eyelids and dilated or pinpoint pupils;
- unsatisfactory work performance;
- avoidance of supervisors, withdrawal from contact with other people;
- pattern of failure to meet established standards of personal appearance;
- noticeable decrease in productivity;
- lack of dexterity;
- slurred or incoherent speech;
- excessive perspiration or chills;
• nausea or vomiting;
• nosebleeds, excessive sniffing, chronic sinus problems, nasal sores;
• needle tracks or blood spots on clothing;
• tremors, racing or irregular heartbeats;
• confusion, anxiety, paranoia or hostility;
• coordination problems;
• lethargy and sleepiness;
• evidence of drug paraphernalia such as pipes, syringes, foil packets, pills, powders and empty alcohol containers; and/or
• any other articulable factor which relates to the employee’s ability to perform his/her job.

C. Order to Administer Test(s):
Based upon the criteria set forth above, the Fire Chief or designee may order that a test will be given.

D. The Fire Chief or designee may order a test in the event of a vehicular crash or other incident or if there are controlled substances missing which were entrusted to the City.

E. If the Fire Chief or designee orders such a test, he shall prepare signed, dated, and timely documentation and furnish a copy to the Employee.

F. Demand for Testing
At the time that the order is given, the employee shall be advised that refusal to submit to the test shall be cause for discipline, up to and including discharge.
If the results of the test prove negative, the employee shall be compensated for all
time occurring outside of his/her scheduled work hours that are directly attributable
to the actual testing process for alcohol or controlled substances (e.g. to/from the
Clinic, waiting to be tested at the Clinic and while giving the required samples for
testing). Such reimbursement shall be at the appropriate rate of pay.

G. Testing Procedure

To maintain the integrity of the collection and testing process, the following testing
procedure will be observed. All testing shall be done in accordance with the
appropriate U.S. Department of Transportation guidelines at a NIDA approved
laboratory unless in conflict with a provision of this Agreement which shall be
controlling.

1. The employee, if he/she so wishes, may have a Union Representative
present as a witness to the collection process, but the Union representative
shall not interfere or in any way jeopardize the test collection process. The
Union Representative will also not be paid for the time spent outside of
his/her regularly scheduled work hours as a witness to the collection
process.

2. Upon completion of all testing and after test results are known, the City
shall within 24 hours take reasonable steps to notify the employee of the
results of the testing. A signed, dated, timed and contemporaneous written
report from the laboratory must be sent to the City of Rochester Hills within
72 hours or as soon as practical after the test and shall be made available to
the employee (and the Union if so requested by the employee in writing)
immediately after its receipt by the City. If the report does not contain the following information, the City will obtain and furnish such information as soon as is practicable.

(i) type of test(s) conducted;
(ii) results of the tests; and
(iii) level tested for each controlled substance and the test methodology employed; and
(iv) any available information concerning the margin of accuracy and precision of the quantitative data reported for the test(s).

3. If the results of the test(s) are negative, any remaining samples will be opened and disposed of and container label(s), chain of custody records, and all other reports pertaining to the test(s) will be destroyed.

4. The specific levels of controlled substances or alcohol found in the employee’s samples will be reported to the City of Rochester Hills only if the confirmation test is positive.

I. Laboratory Tests

All drug screening tests will be by generally accepted method. If the initial test report is positive, the employee will be placed on suspension without pay until the confirmation test results are known to the City. If the confirmation test report is negative, the employee will then be compensated for all time lost as if he/she had worked.
3. **EMPLOYEE ASSISTANCE SERVICE**

   **A.** If the above-referenced testing results are positive, the employee shall be given the opportunity to participate in the Employee Assistance Service (EAS) offered by the City of Rochester Hills.

   Participation in the EAS allows employees to be directed to medical help by participating in a rehabilitation program and, at the same time, be given an opportunity to possibly retain employment with the City. Employees who are required or elect to be treated on an in-patient basis must utilize annual and/or vacation time for this purpose. In the absence of such available time, the employee will be granted a leave of absence without pay and without loss of seniority for in-patient treatment. If the employee does not participate in and successfully complete a prescribed rehabilitation program within six (6) calendar months of the positive test, he/she shall be subject to discipline, up to and including discharge. If the employee successfully completes the prescribed rehabilitation program, the employee will be returned to his/her former position with retention of all seniority rights.

   **B.** Any subsequent positive test within twenty-four (24) months after the conclusion of the rehabilitation program will result in immediate discharge. The Union agrees that a termination under these circumstances is not subject to the grievance procedure. Subsequent testing during this 24-month period shall be random and limited to no more than four (4) random tests during this period. Random testing will occur during the employee’s regularly scheduled work time. Such random testing is in addition to other alcohol/controlled substance testing prescribed by this
Article and shall be in accordance with the testing procedures contained in this Article.

All participants in the EAS may submit their participation costs to the parties’ health insurance carrier for possible reimbursement.

4. **CONFIDENTIALITY**

All records pertaining to the initiation and administration of this program, including but not limited to, the supervisor’s report, employee’s explanation, Physician’s report, Departmental testing record, and any Employee Assistance Program reports shall be treated as strictly confidential and shall be maintained only by the Human Resources Department as a part of the employee’s medical record. No such records shall be maintained in the employee’s regular personnel files. All such records pertaining to a positive test shall be destroyed within two (2) years of the Employee’s successful completion of a prescribed rehabilitation program. Any individual in unauthorized possession of such a record is subject to discipline.

5. **RESCISSION OF PRIOR RULES**

All rules inconsistent with the above are hereby rescinded. All City rules, policies, directives and procedures regarding the possession, manufacture, and/or sale of alcohol or controlled substances while on duty or on City property or in a City vehicle shall remain in full force and effect.

6. **GRIEVANCE PROCEDURE**

Any disputes concerning the interpretation or application of this policy and procedure shall be subject to the grievance procedure except for the discharge of a repeat offender as described in section 3B above.
7. **UNION HELD HARMLESS**

    The Union and its members shall be held harmless for the City’s violation of any laws or regulations arising from the creation, implementation, or administration of this policy/procedure by the City.

3. Radio volume shall not exceed a level where nearby residents may be disturbed.

4. All activities, such as jogging, must be confined to a reasonable distance from the assigned apparatus, and capability of two-way radio

IV. PROCEDURES

A. Stretching shall be exercise designed to warm-up muscles, increase range of motion
and flexibility, and decrease the potential for injury. To be performed for a period
of ten minutes immediately before and after cardiovascular conditioning.

B. Cardiovascular conditioning shall be any approved exercise, within each
individual’s target heart rate, to be performed continuously for a minimum of 30
minutes.

1. Target heart rate computation:
   a. 220 minus age.
   b. Multiply remainder by .7 and .8
   c. Range between both products is an individual target heart rate.
      Example: 45-year-old
      i. 220 minus 45 =175 beats per minute
      ii. 175 x .7 =123 and 175 x .8 =140 beats per minute
      iii. Individual target heart range equals 123 to 140 beats per
           minute.

2. Continuous means a consistent, steady uninterrupted pace.

3. Walking is a form of aerobic exercise that will improve cardiovascular
   conditioning.
4. Strength conditioning may consist of exercise with weights or calisthenics such as push-ups, pull-ups, and dips and shall be performed for a minimum of ten minutes.

5. These procedures may be varied based upon specific requirements prescribed by a licensed physician.

C. Agility Test:

As part of this program, employees may elect to take the entry level agility test once per year. Employees who successfully complete the agility test have the option of not participating in this program for the subsequent one-year period. Employees who do not successfully complete the entry level agility test must participate in this program.

VII. DISCIPLINE

Non-compliance with the requirements of this program will subject the employee to disciplinary action.
APPENDIX E: PAID-ON-CALL PROGRAM

No employee covered by this agreement may participate in the paid-on-call program.

APPENDIX F: OVERTIME CALCULATION

Employees

1. Under the current 24-hour system, the regularly scheduled shifts consist of 24 hours on and 24 hours off, 24 hours on and 24 hours off, 24 hours on then 96 hours off, repeating for an average of 2912 regularly scheduled hours per year.

2. A fire fighter/paramedic’s hourly rate is calculated by dividing the fire fighter/paramedic’s annual salary by 2,912. The term fire fighter/paramedic applies to all suppression personnel covered by the Agreement.

3. Fire fighter/paramedic will be compensated at straight time for all regularly scheduled hours worked. Regularly scheduled hours worked in excess of 106 during a pay period will be paid an additional one-half of the fire fighter/paramedic’s then current hourly rate for each such hour or portion thereof rounded up to the next quarter hour. Vacation, annual days and any time not actually worked does not count toward regularly scheduled hours for purposes of this type of overtime pay.

4. All scheduled and unscheduled hours worked outside of the fire fighter/paramedic’s regularly scheduled shifts will be paid at the rate of one and one-half times the employee’s then current hourly rate, regardless of the total hours actually worked in the pay period. There shall be no deductions for time off for purposes of this type of overtime pay.

5. Fire fighter/paramedics’ pay will vary each pay period based on the actual number of hours worked.

6. Employees will not receive compensatory or Kelly time. All overtime will be paid in cash each pay period and included in the regular paycheck.
7. A pay period is for two weeks, beginning Monday at 12:01 a.m. and ending Sunday at midnight.

8. There are no circumstances under which a fire fighter/paramedic will be paid double time or any rate in excess of time and one-half.

See also parties’ LOA regarding training dated 8-21-12.

9. **Compensation for Voluntary Training.** Approved voluntary training that relates to the employee’s current position is compensable as work time, however, the overtime provisions specified in Paragraphs 1-8 of this Appendix will not apply to time worked for purposes of approved voluntary training that occurs within the 14-day work period by the City’s payroll period schedule.

The City may utilize flexible scheduling to a maximum of 106 hours worked during the 14-day period (maximum of 40 hours in a 7-day period for non-suppression employees) in order to avoid overtime caused by the training time.

Compensable training time that results in hours worked in excess of 106 during the 14-day work period (40 hours in the 7-day period for non-suppression) will be subject to overtime provisions as specified in Paragraphs 1-8 of this Appendix, but may be compensated through the use of time-and-one-half compensatory time in lieu of applicable overtime pay. The Fire Chief will, at least 30 days before the voluntary training commences, advise the Union and the affected employee when the approval of training will be contingent upon the use of flexible scheduling or compensatory time and how it will apply to the employee’s regularly scheduled shift. The employee may then decide whether to proceed with the voluntary training or not.
